Video Audio Narration:
 An explanation of how the course is organized, including:

- Number of modules
- How to approach the course
- How to access course content
- Discussion board option
- Optional knowledge checks
- Notes for each module are available for download
- Additional resources are linked at the end of each module
- Mini-research paper is graded and submitted via file upload at the end of Module 15.

On-Screen Content:

- This course contains 15 modules that you can work through at your own pace.
- If you are not familiar with the 7th edition APA style, you may find it helpful to proceed through the course in order.
- If you are familiar with the 7th edition APA style, you can focus on the topics you need to review.
- You can access all the modules from the Course Content page.
- Discussion boards are available within each module.
- Each module has an optional knowledge check.
- Notes for each module are available for download.
- Additional resources specific to your major are linked at the end of each module.
- Your final mini-research paper is the only graded assignment in this course. You will submit it as a file upload at the end of Module 15.

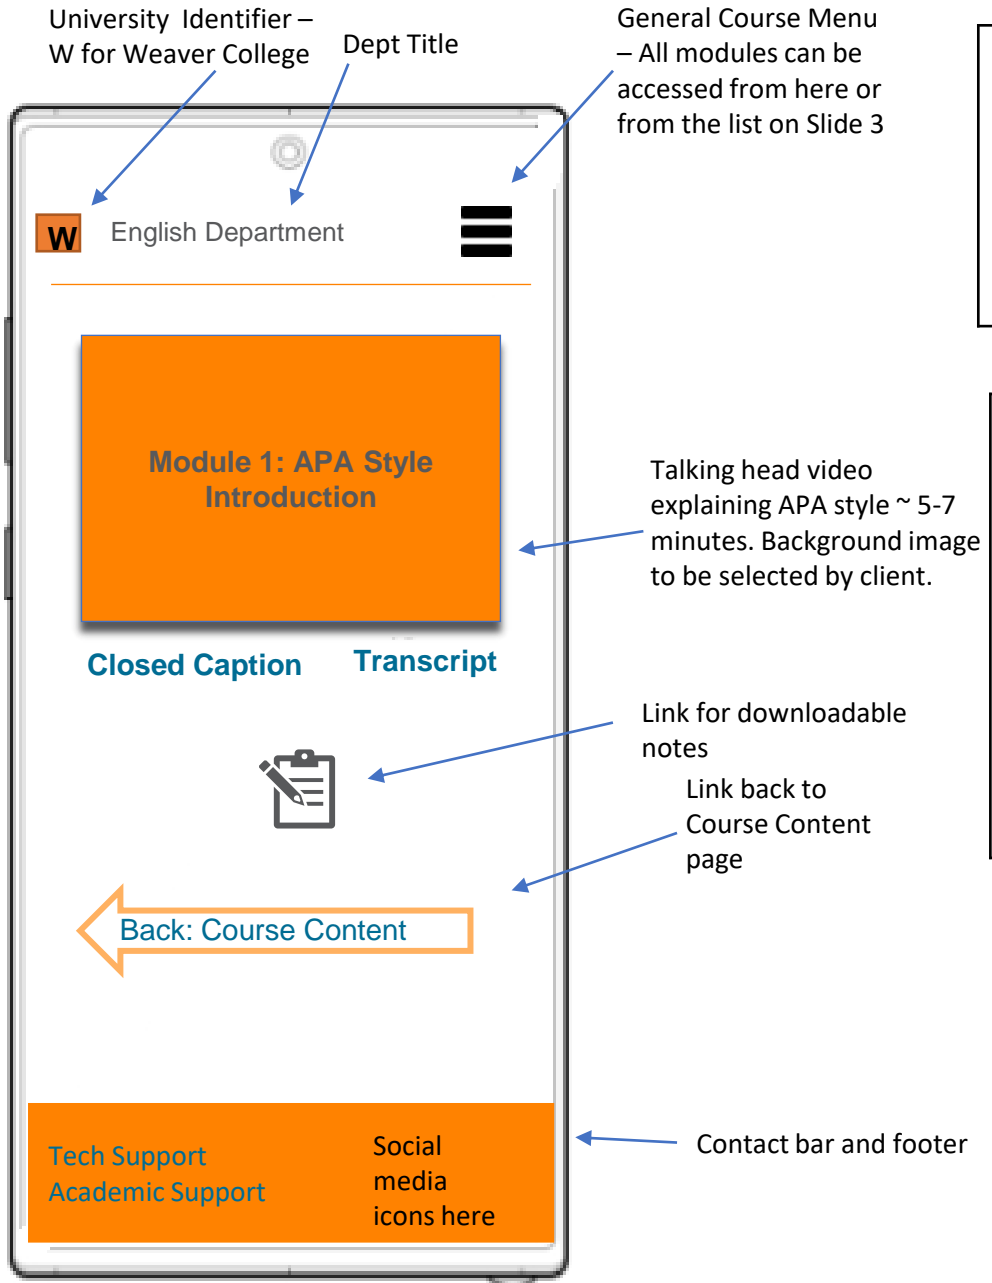

Bullet points synced with audio narration. Text to be spaced with white space in between each bullet.

 Talking head (live or animated) explaining the content of this module.

Note to WGU Evaluator: I used a Purdue Owl YouTube video to create a sample interactive assessment using 5hp for the purposes of this assignment. If this was a real course, the talking head video would be original, but the interactive assessment portion would be the same idea as the one I created from the YouTube video.

Please view the interactive video sample:
